To Whom It MAY CONCERN:

It should be inconceivable that the UNITED STATES OF AMERICA would cause a profound loss of its integrity & reputation in allowing denial of its obligation to repay PUERTO RICO's debts.

CLERK'S OFFICE

SAN JUAN, P.R.

Since PUERTO RICO (territory) is an owned possession of the UNITED STATES OF AMERICA, The UNITED STATES OF AMERICA is solely and ultimately responsible for the loans and debts of PUERTO RICO.

Claiming PUERTO RICO's debt is affected by claiming that these loans and acceptance of funds was improper changes nothing. The UNITED STATES OF AMERICA is still responsible for its actions and must repay all its debts to maintain its integrity & credibility.

The UNITED STATES OF AMERICA is responsible for all the economic regulations and actions of this territory. The UNITED STATES OF AMERICA has made all government choices for its territories . I would hope for better choices of the USA concerning PUERTO RICO.

Is it not historical fact that debts owed by governments will persist indefinitely as long as that government and the unpaid debt exist, even hundreds of years?

The cost of not repaying this loan is not limited to horrific & possibly criminal misappropriation of much resource and a damaged reputation for America, but is undoubtedly also reflected in the death of some of the bond holders who have trusted and already lost so much.

Until the contracts made have been satisfied , this dispute will continue indefinitely.

Thank you for your attention

To Whom it May Concern:

Not only do I strongly oppose the relief requested in the Objection, it is my opinion that the PR government officials as a result of their financial malfeasance and mismanagement should be criminally charged for their acts and omissions. There is no reason the bond holders should suffer for the negligence of Congress and the PR government officials in overseeing the management of theses funds.
